SCDXC Minutes of Meeting, June 11, 1981

1. The meeting was held at the DWP and was opened by Pres. Tom Hoyne, N6NI, at 8:35 PM. The P.A. system was not working. At the meeting's start there were 123 members and guests present.
2. Among the guests were K6XX, N6CQG, W2FG, W2IFA, W6GO.
3. It was announced that Jerry Hagen, N6AV, would be moving to North Carolina. A plaque was presented to him in recognition of his long membership and service in the club. Jerry responded with a short farewell speech.
4. Pre. Hoyne announced that Roy, N6TK, had the pink roster sheets available for those wanting one. Also announced that the new bylaws were on hand and could be had at the meeting.
5. The scheduled speaker for the evening could not appear, and instead Jim Rafferty, N6RJ, showed a series of slides taken on the first Kingman Reef/Palmyra Island DX-pedition. Although this presentation had been made before, many of the newer members had not seen it and it was interesting, well presented and well received. The program ran from 8:44 until 9:22 PM.
6. A series of announcements were made as follows:
   1. A black badge was given to Herb, K3VA, past president of the club, who has recently returned to So. Calif.
   2. SCDXC stamps and patches from the Visalia Convention are still available.
   3. Bob Roaney, K6RR, will hold open house at Corona on June 14. Talk-in on 145.62 simplex.
   4. Irv, W6GC, has badges for several members, and patches for sale at $3.50.
   5. New bylaws available. They will be voted on at next month's meeting.
   6. Some members have not renewed membership for this year. The dues can be changed according to the bylaws at the next meeting.
   7. A brief announcement about the establishment of the "Society for the Protection of Amateur Radio" to be known as "SPAR" was made. Further information will be forthcoming.
   8. The members were asked to send letters to the FCC with comments about the proposed re-write of the amateur regulations, Docket 80-729. Original and five copies to be sent to: Secretary, FCC, Washington D.C. 20554.
   9. Any change to be made in the listings in the club directory should be sent to Neil, K6SMF, before June 26, 1981.
   10. Irv, W6GC, will take orders for Club QSL cards from those wanting them.
   11. Nominations for "Rookie of the year award" for the year mid 1979 until mid 1980 are open.
   12. The DXAC has recommended that 1AØKM, Sovereign Military Order of Malta, be recognized as a separate country on the DXCC list of countries.
   13. Volunteers for MC of the Thursday Night Roundtable to take over for six weeks during the absence of Roy Tucker, N6TK, should contact Roy.
   14. A letter received from D.L. Hildebrand, N6BHU, apologizing for misuse of the club repeater was read. 57 others, including N6BHU are coming up for trial soon.
   15. The results of the questionnaire covering several aspects of the club operation were disclosed. As a result of the questionnaire, the board of directors will present a proposal for some kind of an intra-club contest. Other items in the questionnaire will also be considered, based upon the response from the members.
   16. A summary of the last board meeting's proceedings was read and a discussion of why the board meeting minutes were not published in the Bulletin ensued.
   17. Dave Morgan, K6DDO, said that the JA group operating XZ5A had permission only from a "rebel group" and not from the Burmese government.

The meeting closed at 10:13 PM.

Perry Esten, W6PN
Secretary

PERSONAL PROFILE - Frank Cuevas, W6AOA

Frank was first licensed in Bakersfield as 6AOA in June, 1923, moving to Los Angeles in 1938. Like most of the old timers, he started off with a self-excited Hartley oscillator feeding a few watts of rf to the ever popular Zepp antenna. Frank built all the component parts except for the tube. He says he can still hear the sizzling of the home brew chemical rectifiers. Up until about 10 years ago, he has built all his transmitting gear.

Until 1945, Frank was very active in high speed traffic handling, being state net control for the state AARS relay system. He operated out of the amateur bands with the assigned call of WLVQ. Frank is an excellent CW man, holding an A-1 Operator Club Certificate dated Dec. 1947, which Frank says is equivalent to the RSGB FOC certificate.

In 1945 (just after WW II) he decided to take a crack at the world of DX. He was, as a certain buddy said recently, an over-eager DXer such as we all are in the infancy stages. Frank says he thinks he knows who the guy Gene, K6OJ, was referring to in a recent Personal Profile - hi! He has since worked and confirmed all DXCC countries and has shown his collection at "Fresno" several times. He holds WAZ Certificate #52.

Frank was cited by the King of Norway for his services in maintaining 20 meter CW schedules for 9 months with the Kon Tiki (LI2B) expedition in 1947. The Kon Tiki raft's rig was battery powered, running about 3 1/2 watts, so this was no small accomplishment.

Frank is a charter member of SCDXC, one of the first one-year presidents in 1962, and has held all offices except Treasurer and Bulletin Editor. While in office he created the SCDXC logo that appears on our club Bulletin, stationery and QSL card. He has also acted as General chairman many times for the big SCDXC/NCDXC bashes at Fresno that featured big time DXers from all over the world. He has participated in many DX CW contests from multi-stations here in Los Angeles during the years of the W6RW/K6EVR feuds. Frank is well known in the DX world.

Frank has spent all his life in electronics, having retired after 35 years from North American Aviation (later merged with Rockwell). He was among the first to work on sophisticated aircraft, having been responsible for the design of communications equipment in the X15 rocket airplane, B70 strategic bomber, ICBM, and the big space machine Apollo. Frank tried to adapt to retired life in the rocking chair but that was too quiet a life for such an active person, so he joined the Henry Radio organization where he currently is manager of International Sales. Frank is still quite active chasing DX and says when the "big guns" get through, then he tries his luck. (Hi hi! Ed.) Frank has already received a QSL card from XZ5A so you know he is still active. Frank's son Skip, ex-K6JQJ, was the first novice to work WAC, has worked 308 countries, and expects to get re-licensed and back on the air soon so he can give his dad some competition on the DX bands. Frank lives in Hawthorne with his XYL Jeanie.

Minutes of Director's Meetings

At our June meeting there was a question from the floor as to why the Minutes of the Board of Director's meetings were not published in the Bulletin. Besides the problem of finding the extra space in the Bulletin, your Editor, President and immediate Past President attempted to answer the question. In summary, the reply was that since the Board meetings are usually at the time the Bulletin is going to press, and shortly before the regular meeting, the high points of the Board meeting are announced by the President at the regular meeting. In addition, some subjects are discussed in the Board meeting which are not intended for the general public. Since our Board meeting was early this month and your Editor got to the meeting (he missed all the others so far this year) here is a brief report on the June 27 B of D meeting of SCDXC -

Meeting started at 7:45 PM at Dave Gardner's home. Officers and Directors present: Tom, N6NI; Steve, AA6AA; Wes, W6MPG (acting sect'y for Perry, W6PN); John, W6SP; Dave, K6LPL; Neil, K6SMF. Guests: Vince, K5VT; Art, W6PYV. Subjects discussed were: new directory, by-laws vote at July meeting, Pizza bash for Aug. meeting, Clipperton Award, Visalia '82, an intra-club DX contest, club recognition symbol between DXCC and Honor Roll, SCDXC QSL cards, and why Steve's XYL hasn't divorced him. Neil had two beers, Steve and Vince only had one; John and Wes had coffee; Tom and Art abstained. Dave offered 1 piece of cake - Wes got it since he had driven the furthest and looked the hungriest. Dave told a joke: An OT went to the doctor - "What's the problem?" "I can't pee." "How old are you?" "95." "You've pee'd enough." Meeting then adjourned at 10 PM.

Just think how embarassing it would be if some DX Bulletin that we exchange with would pick up some of these items and publish them for the world to see. I hope that answers the question.

Voting on Revised By-Laws

Copies of the revised Constitution and By-Laws were distributed at the last meeting with the instructions to study them and be prepared to vote on them at the July meeting. For those who may not have received a copy, they will be available at the beginning of the July meeting. They will be voted on towards the end of the meeting to enable those not already having a copy to review them during the mid-meeting "break". President Hoyne will summarize the proposed changes and additions.

Otto, W6NGK, 50 Years a Ham

Congratulations to Otto, W6NGK, for recently receiving his 50 Year Certificate from QCWA for 50 years of continuous service in Amateur Radio. Otto was first licensed as W1DBU in New London, Conn. in 1931. Good luck on the next 50 Otto!

Al, KX6MY/W600U Reports from Kwajalein

Member Al, KX6MY/W600U, resides on Kwajalein, M.I., but gets here often enough on business trips to make it his second home. Al says that he recently moved from one end of the island to the other, having to leave his telephone pole behind, but solving the problem by stringing a dipole between two coconut palms. He managed to work a lot of good DX (including FR7AI/FR7G and A4XIY) until a falling coconut hit his wire and QRT'd him. He finally solved this by running the wire from the top of a palm tree to a pole on his roof. How does that song go? - "I've got a dipole full of coconuts" - or something like that.

Proposed Plain-Language Amateur Rules Comment Deadline Delayed

PR Docket 80-729 has received a last-minute two-month extension to the due date for Comments. Acting on a request from the ARRL, the Commissioners agreed on June 15 to an August 22 due date for Comments with Reply Comments due on or before October 21. In an ARRL Executive Committee meeting on June 20-21, they agreed that the FCC's Amateur rules rewrite is basically worthwhile, but the rewrite docket needs a lot of attention to overcome problem areas. With the just-granted two-month extension providing adequate time to address these areas, members are urged to pass their rewrite ideas along to the League for possible incorporation into the League Comments.

Thanks HR Report

Clipperton Award

Two years ago Don Bostrom, N6IC, donated a perpetual trophy to be known as the Clipperton Award, to be awarded annually to the SCDXC "Rookie of the Year". The award will be given to the member who first joined SCDXC in 1979 and who has the most confirmed DXCC countries for a 12 month period beginning with his first DXCC country QSO in 1979. Steve, AA6AA, won the award in 1979 and Joe, N6AHU, won the award in 1980. Any eligible SCDXC member wishing to compete for this honor should apply to a club officer or director and bring his QSL cards or other verification to one of the next two club meetings for confirmation. The 1979-1980 award will be presented at the September meeting.

Gunnar, W6YB/ZS

Gunnar, W6YB, sent via Fried, WA6WZO, a copy of the June Bulletin of the Johannesburg Branch of the South African Radio League. There on the top half of page 3 was a smiling photo and caption of "DM Gunnar, W6YB/ZS seen visiting Johannesburg. Gunnar is a member of the famous Southern Calif DX Club." It's good ambassadors like Gunnar that make us "famous".

New Members

If you know of any prospective members, either full (100 countries or 40 zones confirmed) or associate (25 countries confirmed), contact Membership Chairman Neil Kaltman, K6SMF, 213-995-6242, for application forms, sample Bulletin, etc. Welcome to the following members:

KG6O, Barry Thompson, 1718 Armour Lane, Redondo Beach, CA 90278
WA6QBI, George McClelland, 2722 Hartman St., Orange, CA 92665
N6DJY, George Walker DuVall, 5455 Cochin Ave., Arcadia, CA 91006
W6RKP, James Chavarria, 2534 N. Jackson Ave., Rosemead, CA 91770

'82 International DX Convention

Larry Brockman, N6AR, has been selected as Chairman for next year's DX '82, which will be sponsored by the SCDXC. Visalia has again been chosen as the site and 250 rooms have been reserved at the Holiday Inn for the nights of April 16 and 17. Larry will be selecting his committee shortly so if you want to help, please give him a call.

FOR SALE

TS-820S w/remote VFO, 500Hz CW filter and service manual. Excellent condition. $795.- Contact Steve, AA6AA, H - 656-3334, W - 840-4100.

SCDXC Bulletin 15 Year Flash Backs

From the May, 1966 SCDXC Bulletin -

de Pres., and Editor Ed St. John, W6LDA (now K6EV): "Jose, CR7GF is going to FR7, Gloriosa and FH8, Comora. (W6LDA is QSL mgr.)"

de Roger, W6RW: "The SCDXC return-type DX QSL cards are again available to club members. To get your QSL cards, see W6RW, or send $1.00 for packet of 40 cards to W6RW. These cards really get the DX to QSL to you!" (Do you have any left RW? Ed.)

de Allen, K6YRA: "8 new ones this month from new QTH in Van Nuys. This QTH seems to be much better than one in Beverly Hills. Using same equipment and antenna- (1) 4-400A, 900 W, GSB-100, 75A4, 3 element up 42 feet."

"LATE FLASH!! - Don Miller, W9WNV/MM reports that he should be on from a new one by May 7. This looks like Suvorov Isle .... believed the same status as Manihiki. However, Don seems to indicate quite firmly that the spot he is heading for will definitely qualify as a "new one". Don reports that expenses are running quite high .... therefore, as usual, any financial help is greatly appreciated. QSL to W4 ---."

Your Editor is indebted to Jerry, N6AV, for contributing his file of back issues of the SCDXC Bulletin. We will try to make this a regular feature.

New Directory

The new Directory of SCDXC members is now being published in a new computer-aided format. It will be distributed at the August meeting which will be our annual summer "Pizza bash". The location will be announced in the August Bulletin, the date being the regularly scheduled 2nd Thursday, August 13.

W6AM Antenna Farm Revisited

Saturday, June 20 saw 312 visitors sign the guest book at "the Farm", one from as far as Belgium. Irv, W6GC and Jim, N6TJ handled the transmitter operation. Through arrangements made earlier with Ralph, W6IL, contact was made with Tom Christian, VR6TC, on Pitcairn Island. Another rare contact was also made with Art, W6PYV/MM, on Santa Catalina Island.

Henry Radio Swap Meet

Neil, K6SMF, reminds us of the Henry Radio Swap meet on the 2nd Saturday of every month, rain or shine, 7-11 AM. QTH: Henry Radio, 2050 Bundy Drive, L.A. 90025. (just north of Olympic)
